

MONDAY HERO - HIRING! SUMMER INTERNSHIP (WEB/MOBILE TECHNOLOGIES)

Monday Hero is a startup focus on mobile technologies and developer tools. (<https://mondayhero.io>) We're looking for summer interns for **Istanbul** office.

At Monday Hero, we develop a platform/developer tool that helps developers & software companies to build their mobile apps faster and easier. We're working as a cross functional product team, love to create features in an agile way and to be engage with our customers in real time and analyze metrics that actually matter.

If you are a person who can easily identify business needs, think simple, get things done within a great team of collaborators join us!

Responsibilities:

- You have great work ethic.
- You are able to quickly analyze bugs and usability issues and provide solutions for them.
- You are excited about new technologies.
- Eager to learn web/mobile technologies.
- You are excited about code generation and automating repetitive tasks.

Qualifications:

- Eager to learn new software languages.
- Want to work as a part of the team.
- Able to communicate in English.
- Eager to learn **SDLC tools, Git.**
- **Nice to Have:** Experience in Swift.
- **Nice to Have:** Experience in UI testing.
- **Nice to Have:** Experience in Mongo DB, Postman.
- **Nice to Have:** Experience in Scrum methodology.
